### APPLICATION AREA

Fast acting, Antimicrobial, Virucidal ready- to-use surface cleaning and Sanitation spray

Biocide: for general surfaces.

### INSTRUCTIONS FOR USE

Spray the surface ensuring the surface is completely wet. Wipe the surface with a clean cloth and leave to dry. Alternatively, apply the product to a clean cloth, wipe the surface and leave to dry. Do not rinse. If rinsed, re-apply.

For use on all hard surfaces including work tops, table tops, kitchen cabinets, tiles, sinks, cooker tops, floors and walls.

Easily dispenses and dissolves fats, oils, grease and shortenings in kitchens, food processing and catering environments.

### STORAGE

Product should be stored in the original container in a cool, dry location out of direct sunlight.

### DISPOSAL

This packaging is made from HDPE. It can be disposed of through waste collection or recycled where facilities exist.

### PACKAGING AND ORDERING

PRODUCT	CASE SIZE	CODE
Enviro-24	6x750 ml	61307D
	4x5L	61307RTUA
	1000L IBC	61307RTCLE AR IBC

Appearance: Clear Liquid

Colour: Purple

Density: 1.00

pH: 7

Fragrance: Odourless

Stability: 2 years
